Intense Pulsed Light Hair Removal

IPL (Intense Pulsed Light) uses light energy to disable the hair root without affecting the surrounding area.

The main advantage of IPL over laser treatments is the larger treatment area covered in a single application, this makes treating larger areas quicker.

All IPL units feature a key switch and security code for additional safety.

Evolution IPL Hair Remover™
the future of hair removal

Uses intense pulsed light technology to give long term hair reduction. Placed against the skin, gentle pulses of intense light are directed at the hair follicle to disable the hair root without affecting the surrounding area. Regular treatments result in permanent hair reduction.

MODEL: IPHR4

*based on facial hair

- each flash treats up to 70 hairs*
- suitable for facial and body hair
- suitable for use on the upper lip
- 20mm x 10mm treatment area
- includes spare replaceable bulb
- 3,000 bulb flashes

Forever Free IPL Hair Remover™
satin smooth skin everyday

Placed against the skin, gentle pulses of intense light are directed at the hair follicle to disable the hair root without affecting the surrounding area.

MODEL: IPHR3

- each flash treats up to 70 hairs*
- suitable for facial and body hair
- 20mm x 10mm treatment area
- long life bulb
- 10,000 bulb flashes

Intense Pulsed Light Hair Remover™
long term hair removal

With a large treatment head, measuring 35 x 14mm, this model makes treating large areas of unwanted hair even quicker.

MODEL: IPHR

- each flash treats up to 180 hairs*
- suitable for facial and body hair
- 35mm x 14mm treatment area
- long life bulb
- 40,000 bulb flashes

IPL Pro Hair Remover™
long term hair removal

Ideal for fast and efficient long term hair reduction. Placed gently against the skin, pulses of intense light from the long life quartz bulb are delivered directly to the hair follicle with enough energy to disable the hair root without affecting the surrounding area.

MODEL: IPHR2

- each flash treats up to 180 hairs*
- 33% more power**
- suitable for facial and body hair
- 35mm x 14mm treatment area
- long life bulb
- 40,000 bulb flashes

*based on facial hair ** than Rio Intense Pulsed Light Hair Remover™

Laser Hair Removal

You can now enjoy the benefits of permanent laser hair reduction without expensive salon treatments. Lasers deliver an intense beam of light to the hair follicle with enough energy to destroy the root without affecting the surrounding area. The result is permanent hair reduction.

Lasers are the only hair removal method to offer permanent hair reduction. Lasers can be safely used on a larger range of skin colours than IPL.

All lasers feature a key switch and security code for additional safety.

Laser Scanning Hair Remover x60™
permanent hair reduction

This console features three treatment modes, one treats individual hairs, the others scan larger areas treating up to 60 hairs* in a few seconds.

MODEL: LAHC4

- treats up to 60 hairs*
- suitable for facial and body hair
- 3 treatment modes
- 808nm pulsed laser

* based on facial hair

Laser Scanning Hair Remover x60™
permanent hair reduction

This cased laser features three treatment modes, one treats individual hairs, the others scan larger areas treating up to 60 hairs* in a few seconds.

MODEL: LAHC5

- ▶ treats up to 60 hairs*
- ▶ suitable for facial and body hair
- ▶ 3 treatment modes
- ▶ 808nm pulsed laser

*based on facial hair

Laser Scanning Hair Remover x20™
permanent hair reduction

Two treatment modes, one treats individual hairs, the other scans larger areas treating up to 20 hairs* in a few seconds.

MODEL: LAHC

- ▶ treats up to 20 hairs*
- ▶ suitable for facial and body hair
- ▶ 2 treatment modes
- ▶ 808nm pulsed laser

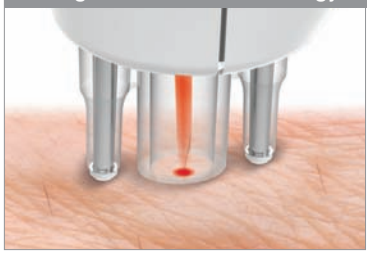
Salon Laser Tweezer™
target-and-treat technology

Innovative “target-and-treat” technology pinpoints individual hairs sending a laser beam to the hair follicle with enough energy to destroy the root without affecting the surrounding area. The treatment takes just 4 seconds and results in permanent hair reduction.

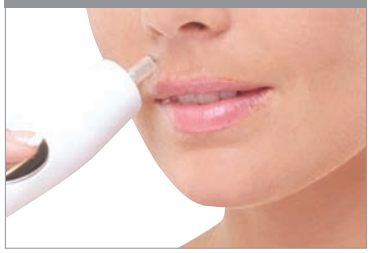
MODEL: LATW

- treats individual hairs
- suitable for facial and body hair
- 4 second treatment
- 808nm laser

“target-and-treat” technology



4 second treatment



Electrolysis Hair Remover™
simple and easy hair removal

Electrolysis Hair Remover™ uses micro-current technology to destroy the hair root to reduce future hair growth. Unique tweezer action automatically retracts to remove unwanted hair quickly and easily.

MODEL: CNHR2

- targets individual hairs
- ideal for all hair and skin types
- unique tweezer action

Electric Threader™
the art of hair threading made easy

Ideal for facial hairs including eyebrows. Long lasting results. Regrowth is generally finer and stubble free.

MODEL: HRTH2

- quick and precise treatment
- automatic threading action
- removes very fine hair
- removes hair from the root

Precious Legs™
stubble free, silky smooth legs

Microdermabrasion both exfoliates the skin and removes unwanted hairs as close to the hair follicle as possible, ensuring the result is as smooth as silk.

MODEL: SAHR

- no nicks and cuts
- no painful plucking
- use on any length of hair

Roller Waxer™

clean, quick hair removal

Roller Waxer™ is a clean, quick and easy to use wax heater roller system. With two treatment heads, large areas such as legs, backs and arms are quickly hair free, while the smaller roller head is ideal for detailed hair removal around sensitive areas, such as the upper lip and bikini line. Simply plug in, slot the cartridge into the hand held heater and you are ready to go.

MODEL: WAXR

- no mess roller action
- illuminated wax level indicator
- ideal for all hair types
- 2 sized treatment heads
- includes 3 x 100ml wax cartridges

Total Body Waxing™
one kit that does it all

The compact wax heater is easy to use, easy to store and features a rapid heat up. The removable heating cup allows you to take the wax directly to where you are waxing. Includes deluxe soft wax for waxing arms and legs (also suitable for men requiring hair removal from the back, legs or chest) and salon hard wax for waxing more sensitive areas such as the bikini line, underarm and facial hair.

MODEL: CWAX2

- deluxe soft and salon hard wax
- ideal for all hair types
- rapid heat up
- includes waxing strips
- step-by-step DVD

Facial Beauty

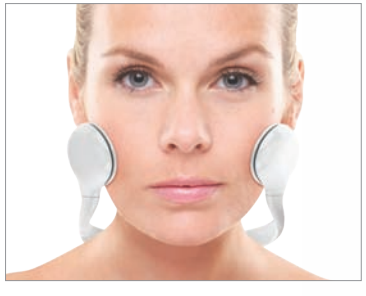
A fusion of beauty and salon technology has inspired a range of home treatments using:

- faradic toning (EMS)
- iontophoresis
- light therapy
- sonic cleansing
- microdermabrasion
- steam
- sonophoresis

Pro Lift™
a natural face lift

Helps reverse the signs of ageing with a natural face lift. Good muscle tone and condition is the key to a youthful look. Rio Pro Lift™ uses gentle EMS (Electrical Muscle Stimulation) to exercise the facial muscles, enabling you to simply relax while it does all the work.

MODEL: TFAC2



- lifts firms and tones
- reduces fine lines and wrinkles
- advanced EMS technology
- hand held controller
- feel the difference after one use

Lift-60 Second Face Lift™

lifts, firms and tones

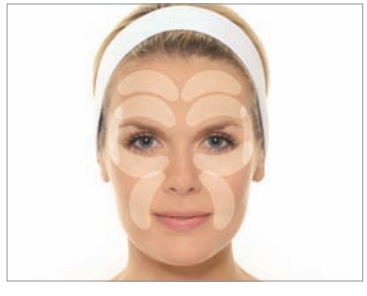
Using both faradic and iontophoresis therapy, Lift™ allows you to feel the effects after just one use and see the visible results in just a few days. Gentle facial toning and stimulation tightens sagging facial features and rejuvenates skin tone.

Used with the Lift™ patches the transdermal infusion of collagen and retinol deep into the skin helps further reduce the appearance of fine lines and wrinkles while also helping to increase skin elasticity.

MODEL: FALI4

targets facial muscles

- faradic therapy
- iontophoresis therapy
- reduces fine lines and wrinkles
- accelerates lymphatic drainage
- retinol and collagen infusion



60 Second Neck Toner™

the gym for your chin

Uses advanced EMS (Electrical Muscle Stimulation) to exercise muscles in the neck and chin area, improving muscle tone, tightness and restoring a more youthful profile. Feel the effect after just one use and see the results in just a few days.

MODEL: NECK4

- lifts, firms and tones
- advanced EMS
- variable intensity settings
- three toning programmes
- a variety of colour options

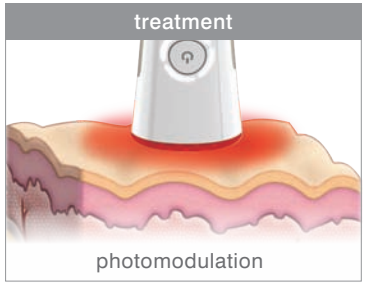
Skin Revive™

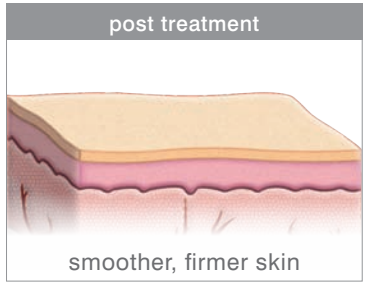
naturally reduces the appearance of fine lines and wrinkles

Uses photomodulation with a 633nm red light source to naturally rejuvenate the skin and help reverse the signs of photo-ageing. The targeted red light source boosts natural collagen production in the skin to help improve skin texture and elasticity.

- promotes collagen production
- targets fine lines and wrinkles
- rejuvenates skin tone

MODEL: LITE



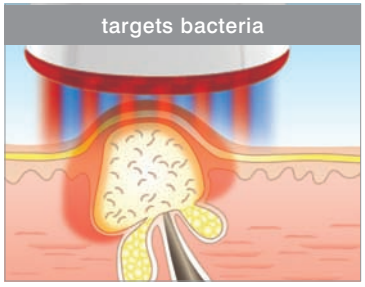


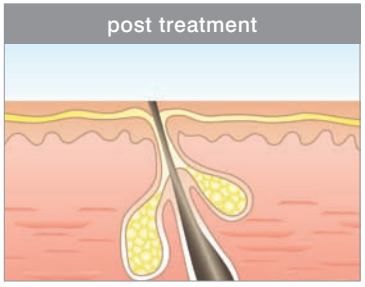
Skin Clear™
for a clearer complexion

Uses blue and red light technology to manage mild to moderate acne, reducing both outbreaks and skin inflammation. The blue light directly kills the primary bacteria involved in acne, (P. acnes) while the red light helps to reduce inflammation and stimulate the healing process.

MODEL: LITE2

- uses proven red and blue light technology
- kills P. acnes bacteria
- reduces inflammation
- reduces outbreaks





Galvanic Wand™

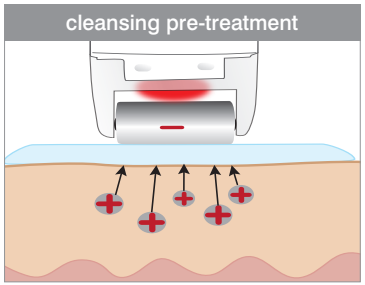
a wrinkle reduction boost

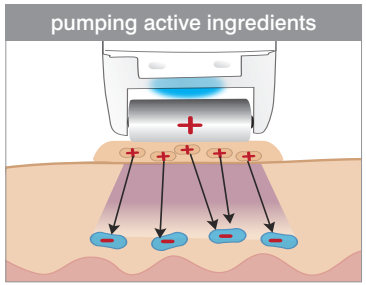
Uses gentle micro currents to infuse collagen and retinol into the deeper layers of the skin, for an intense wrinkle reduction and skin rejuvenation treatment.

Using iontophoresis the Galvanic Wand™ pumps the active ingredients into the skin, to enhance their effectiveness.

MODEL: GVWD

- iontophoresis treatment
- rejuvenates skin tone
- reduces fine lines and wrinkles
- includes collagen and retinol patches



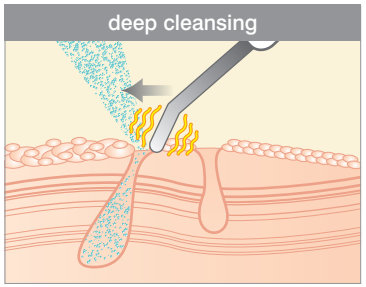


Ultrasonic Facial™
for refreshed, rejuvenated skin

Removes dead cells from the skin surface, expelling dirt and grime, to leave the skin refreshed, rejuvenated and ultra smooth. It can also be used to increase the effective absorption of serums into the skin, a process known as sonophoresis.

MODEL: FASS2

- ultrasonic action
- instant skin smoothing
- gentle and effective

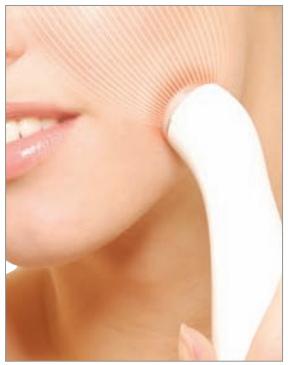


Salon Laser Lift™
advanced laser technology

Low level laser light energy (LLLT) is applied directly to the skin stimulating the cellular metabolic process promoting skin cell repair and renewal.

MODEL: LAST

- natural skin rejuvenation
- stimulates cellular metabolism
- 10 minute daily treatment
- includes collagen serum

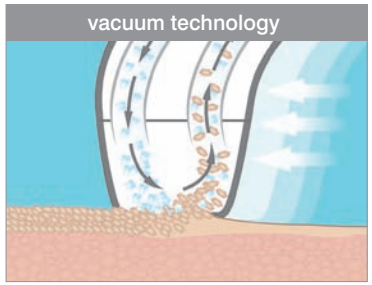


Crystal Renew™
advanced salon microdermabrasion

Uses the precision of natural crystals to delicately remove and collect dead skin cells, which give skin a dull, lifeless appearance. Subdermal circulation is also accelerated promoting natural skin rejuvenation and a more even skin tone.

MODEL: DRDP

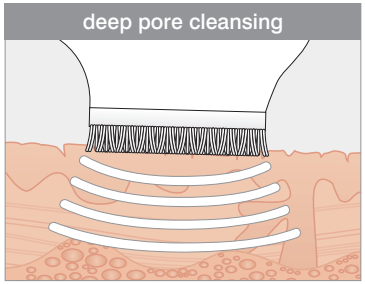
- microdermabrasion technology
- chemical free peeling
- evens skin tone
- minimises pore size
- accelerates skin cell renewal



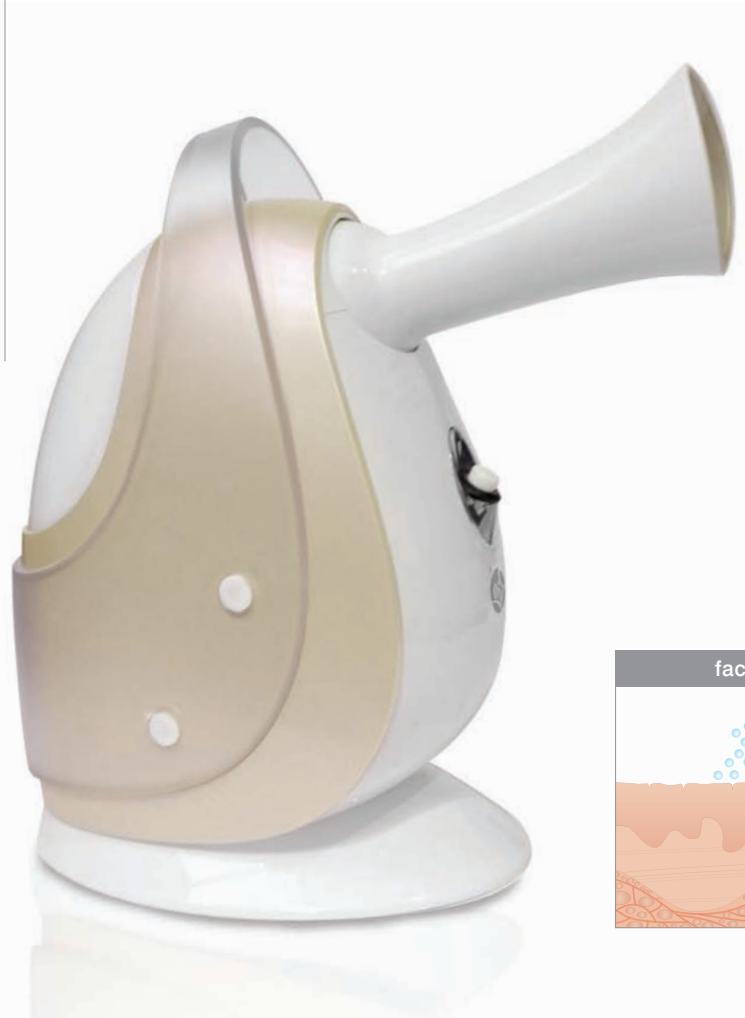
Sonicleanse™
exfoliate, cleanse and smooth

Using sonic high frequency micro-pulsating technology, Sonicleanse™ is gentle enough for use as part of your daily beauty routine helping to reduce the appearance of pores, oily areas, dry skin patches and blemishes. Sonicleanse™ prepares the skin to absorb skin care treatments effectively. The advanced brush head technology is ideal for delicate, sensitive and normal skin types. Adjustable power levels; low for gentle care to keep skin firm and high for penetrating exfoliation.

MODEL: FASU



- sonic action
- deep pore cleansing
- 20 second interval timer
- adjustable power levels
- cordless

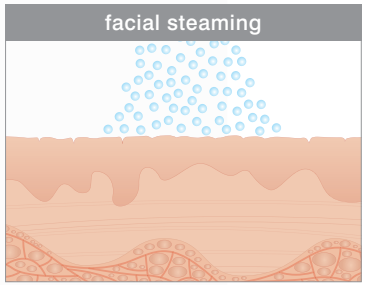


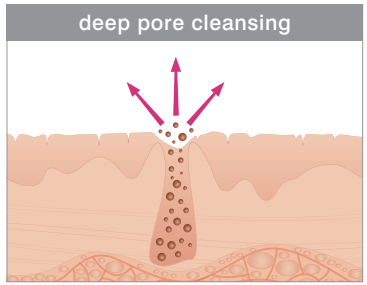
Facial Steamer™
deep pore cleansing

Facial steaming is one of the most beneficial spa beauty treatments for healthy skin and natural skin conditioning. Atomised steam cleanses the skin, opening the skin pores to help eliminate toxins, residual make-up and daily grime. This natural cleansing and conditioning process can result in pore size reduction and an overall fresher skin complexion.

MODEL: SUFA2

- deep pore cleansing
- natural skin conditioning
- eliminates toxins





Skin Camouflage Concealer™

smooth, long lasting, near invisible coverage

Achieve truly amazing results when concealing skin imperfections, blemishes, tattoos, rosacea, vitiligo and acne scars. Skin Camouflage Concealer™ is fragrance free, waterproof and smudge resistant. The colour perfect concealers are easily blended to match your skin tone perfectly for a smooth, opaque and near invisible finish.

- eyebrow shaper
- 3 coloured pencils & brushes

MODEL: BROW2

Rio RF-Polar™

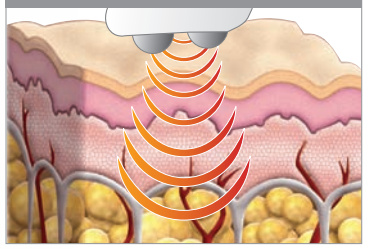
advanced radio frequency body sculptor

Smoother skin is just a few steps away. Rio RF-Polar™ uses high frequency RF (Radio Waves) to target heat deep subcutaneous regions of the skin, where excess fatty deposits are located. The RF waves and heating effect stimulates fat cell reduction and tightens collagen fibres. Suitable for all skin types. The hand held wand allows easy treatment of commonly affected areas such as hips, thighs, stomach and buttocks.

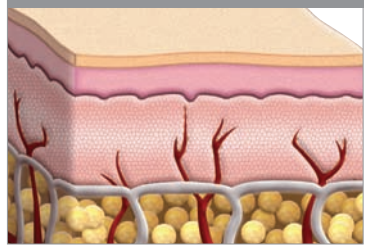
MODEL: DEDH2

- radio frequency technology
- targets fatty tissue
- reduces dimpling
- low, medium and high power settings

RF waves target fat cells



resulting in smoother skin



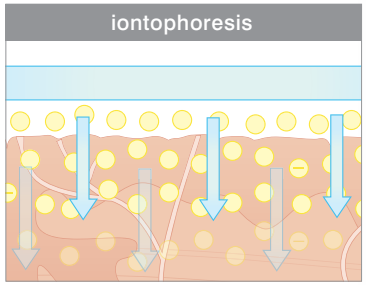
Hand Rejuvenation™

intense moisturising for younger looking hands

Uses iontophoresis technology to pump smoothing and softening agents deep into the skin. The treatment is complete in just 20 minutes. Feel a difference after just one treatment and with regular use see how the skin is refreshed.

MODEL: GVGL

- iontophoresis therapy
- reduces fine lines and wrinkles
- intense moisturising
- includes Q10 cream



Bum and Thigh Toner™
lifts, firms and tones

Uses advanced EMS (Electrical Muscle Stimulation) technology to tighten, lift and tone the bottom and thigh area. Resulting in a firmer more sculpted profile.

MODEL: CEBT4

- 3 toning programmes
- advanced EMS technology
- 25 intensity levels

Sauna Belt™
instant inch loss

The combination of the accelerator gel, the body wrap and the heated Sauna Belt™ enhances compression of adipose tissue and promotes localised fluid loss around the waist for dramatic results.

MODEL: SLBT2

- instant inch loss
- results last up to 24 hours
- temperature & time controlled
- advanced heating technology

Celebrity Airbrush Tanning™

flawlessly airbrushed for a healthy glowing tan

Having a celebrity 'A' list tan everyday couldn't be simpler. The easy to use airbrush delivers an all over even self-tan in just a few minutes. The specially formulated self-tan incorporates a bronzer to help guide you to a flawless even finish with a light mango fragrance to mask the tell-tale aroma of normal self-tans. Over a few hours the natural tan will develop into a perfectly even glowing finish.

MODEL: TANM
